

Anhang

Werknummern-Systematik

Die Werknummern innerhalb des Werkverzeichnisses Corpus Cranach dienen der eindeutigen Identifikation der behandelten Werke. Sie sind so strukturiert, dass sie gleichzeitig als alphanumerischer Sortierschlüssel für die digitale Datenverarbeitung dienen können. Die Werknummern sind vierteilig aufgebaut: nach der Kennung des Werkverzeichnisses Corpus Cranach (CC) folgt eine dreistelliges alphabetisches Kürzel des Motivkreises, anschließend eine dreistellige Zahlenfolge zur Motivpräzisierung und schließlich die laufende Nummer des innerhalb der jeweiligen Motivgruppe erfassten Werkes.

Schema: Werkverzeichnis-Kennung – Motivkreis – Motivpräzisierung – Lfd. Nr.

Beispiele: CC-BNT-400-005 (Corpus Cranach – Neues Testament – Kreuzigung – Lfd. Nr. 005)

CC-POR-160-017 (Corpus Cranach – Porträt – Friedrich der Weise – Lfd. Nr. 017)

Motivgruppen

Die mittleren beiden Blöcke der Werkverzeichnis-Nummern (d. h. die dreistellige alphabetische Motivkreis-Kennung sowie die dreistellige numerische Motivpräzisierung) bilden die Kürzel der innerhalb des Werkverzeichnisses unterschiedenen Motivgruppen. Mittels dieses Verzeichnisses kann in den nachfolgenden, nur noch auf Werknummern verweisenden systematischen Übersichten abgelesen werden, um welche Art Motiv es sich bei dem jeweils referenzierten Werk handelt. Die Reihenfolge der Motivgruppen entspricht der inhaltlichen Gliederung des vorliegenden Bandes.

Altäre	Altäre (Forts.)	Biblische Motive – Neues Testament
ALT-100 Flügelaltar mit Anna selbdritt, Aschersleben	ALT-470 Flügelaltar mit Abendmahl, Rochlitz	BNT-010 Verkündigung an Joachim

Verzeichnis inschriftlich datierter Werke

In diesem Verzeichnis werden alle innerhalb des Werkverzeichnisses erfassten inschriftlich datierten Werke nach dem Jahr ihrer Datierung dargestellt. Die Werke fallen im Wesentlichen in die Spanne zwischen der Zeit kurz nach 1500, als der ältere Lucas Cranach künstlerisch greifbar zu sein beginnt, und 1586, dem Todesjahr des jüngeren Lucas Cranach. Einige wenige Werke sind später datiert. Das Vorhandensein einer Datierung sagt nichts über deren Authentizität oder die Eigenhändigkeit eines Werkes aus.

Standortverzeichnis

In diesem Verzeichnis werden über 1.700 Werke gelistet, die sich bei Drucklegung des Verzeichnisses in Museen oder sonstigen öffentlichen Sammlungen befanden. Angefügt sind weitere etwa 40 Werke, die als zerstörte oder verschollene Kriegsverluste des Zweiten Weltkriegs gelten oder die späterer Zerstörung zum Opfer fielen. In dieser Übersicht unberücksichtigt blieben solche Werke, die nur im Kunsthandel oder in Privatbesitz nachweisbar sind und deren aktueller Standort daher nicht lokalisierbar ist.

Nummernkonkordanz

Konkordanz zum Abgleich der Werkverzeichnisnummern des Corpus Cranach mit denen der Werkverzeichnisse von Friedländer/Rosenberg 1932 und 1979. In Klammern gesetzte Nummern bedeuten, dass Friedländer/Rosenberg in der betreffenden Ausgabe ihres Werkverzeichnisses für das jeweilige Werk keine eigene Nummer vergeben haben, sondern es lediglich bei der in Klammern gesetzten Werknummer erwähnten. Auf Konkordanzen mit digitalen, noch im Aufbau befindlichen Datenbanken wurde verzichtet. Die dort unter eigenen Nummern gelisteten Werke sind in den Dossiers der Einzelwerke innerhalb der Datenbank www.cranach.net verlinkt.
