List of authors	13
CHAPTER 1	
Preparation for kidney transplantation	19
Chapter 1.1: Superiority of kidney transplantation vs. chronic dialysis, indications and contraindications <i>Burkhard Tönshoff & Lars Pape</i>	19
Chapter 1.2: Kidney transplantation after deceased or living donation <i>Burkhard Tönshoff & Lars Pape</i>	22
Chapter 1.3: Criteria for selecting a deceased donor <i>Raphael Schild & Florian Grahammer</i>	26
Chapter 1.4: Selection and examination of the living kidney donor <i>Stefan Reuter & Barbara Suwelack</i>	31
Chapter 1.5: Preparation of the recipient for kidney transplantation <i>Thurid Ahlenstiel-Grunow, Birgitta Kranz & Christina Taylan</i>	38
Chapter 1.6: Transplantation immunology work-up <i>Thuong Hien Tran, Lea Keppner & Lien Pham</i>	43
CHAPTER 2	
Carrying out the transplant	51
Chapter 2.1: Anaesthesiological and perioperative management <i>Marieke Voet & Marlies Cornelissen</i>	51

Chapter 2.2: Surgical-operative procedure in paediatric kidney transplantation <i>Uta Herden & Martina Koch</i>	60
Chapter 2.3: Urological surgical procedure and management of complications <i>Susanne Deininger & Steffen Rausch</i>	66
CHAPTER 3 Immediate postoperative monitoring	75
Chapter 3.1: Perioperative volume and blood pressure management and concomitant medications <i>Burkhard Tönshoff & Jens H. Westhoff</i>	75
Chapter 3.2: Prophylactic antithrombotic management in kidney transplantation <i>Marcus Weitz & Kathrin Buder</i>	80
CHAPTER 4 Immunosuppressive therapy and monitoring	87
Chapter 4.1: Immunosuppressive induction therapy <i>Burkhard Tönshoff, Lars Pape & Jan Dudley</i>	87
Chapter 4.2: Immunosuppressive maintenance therapy <i>Burkhard Tönshoff, Lars Pape & Jan Dudley</i>	93
Chapter 4.3: Therapeutic drug monitoring <i>Lutz T. Weber</i>	108
Chapter 4.4: Immune monitoring after kidney transplantation <i>Alexander Fichtner, Lien Pham & Thuong Hien Tran</i>	116

CHAPTER 5	
Specific immunosuppressive protocols	127
Chapter 5.1: Steroid minimisation strategies	127
<i>Burkhard Tönshoff & Lars Pape</i>	
Chapter 5.2: Kidney transplantation in highly sensitised patients	134
<i>Burkhard Tönshoff, Thuong Hien Tran, Caner Süsal & Christian Morath</i>	
Chapter 5.3: ABO-incompatible living donor kidney transplantation	145
<i>Burkhard Tönshoff, Christian Morath, Martin Zeier, Caner Süsal & Lars Pape</i>	
CHAPTER 6	
Rejection	157
Chapter 6.1: Diagnosis and treatment of acute and chronic cellular transplant rejection	157
<i>Lars Pape, Nele Kanzelmeyer, Jan Ulrich Becker & Jun Oh</i>	
Chapter 6.2: Diagnosis and treatment of antibody-mediated transplant rejection	164
<i>Burkhard Tönshoff, Alexander Fichtner, Caner Süsal & Christian Morath</i>	
Chapter 6.3: Histopathological classification of transplant rejection according to Banff	176
<i>Jan Ulrich Becker</i>	
CHAPTER 7	
Infectious complications and prevention	183
Chapter 7.1: Cytomegalovirus infection	183
<i>Christian Patry, Burkhard Tönshoff, Lutz T. Weber & Britta Höcker</i>	

Chapter 7.2: Epstein-Barr virus infection and post-transplant lymphoproliferative disorder (PTLD) <i>Britta Höcker & Britta Maecker-Kolhoff</i>	195
Chapter 7.3: BK Polyomavirus and JC Polyomavirus infection <i>Lars Pape & Burkhard Tönshoff</i>	203
Chapter 7.4: Pneumocystis jirovecii <i>Burkhard Tönshoff & Britta Höcker</i>	210
Chapter 7.5: Urinary tract infections <i>Markus J. Kemper & Ulrike John-Kroegel</i>	216
Chapter 7.6: Vaccinations before and after organ transplantation in children <i>Maximilian Stich & Susanne Rieger</i>	222
CHAPTER 8	
Haematological, osteological and metabolic complications	229
Chapter 8.1: Diagnosis and treatment of anaemia <i>Anja Büscher & Dominik Müller</i>	229
Chapter 8.2: CKD mineral and bone disorder post-transplant <i>Agnieszka Prytula, Claus P. Schmitt, Dieter Haffner & Rukshana Shroff</i>	234
Chapter 8.3: Growth disorders <i>Burkhard Tönshoff & Dieter Haffner</i>	241
Chapter 8.4: Metabolic acidosis <i>Agnieszka Prytula</i>	250
Chapter 8.5: Dyslipidaemia <i>Susanne Rieger, Sandra Habbig & Lutz T. Weber</i>	256
Chapter 8.6: Post-transplant diabetes mellitus <i>Daniela Choukair</i>	263

Chapter 8.7: Arterial hypertension <i>Anette Melk, Elke Wühl & Tomas Seeman</i>	272
Chapter 8.8: Recurrence of primary kidney disease <i>Nele Kanzelmeyer & Sebastian Loos</i>	277
CHAPTER 9 Aftercare and Outcome <i>Burkhard Tönshoff & Lars Pape</i>	287
CHAPTER 10 Rehabilitation <i>Eberhard Kuwertz-Bröking & Miriam Zimmering</i>	293
CHAPTER 11 Child development in the context of renal replacement therapy <i>Jenny Prüfe</i>	301
CHAPTER 12 Social-legal aspects in paediatric kidney transplantation <i>Jenny Prüfe</i>	307
CHAPTER 13 Transition to adult care <i>Jenny Prüfe</i>	315
