

Tafeln

Die folgenden Tafeln stellen vor allem das keramische Material der Siedlungen bei Königshoven in Auswahl vor; die gezeichneten Gefäße geben einen Überblick über die an den jeweiligen Siedlungsplätzen vorkommenden Verzierungsmotive.

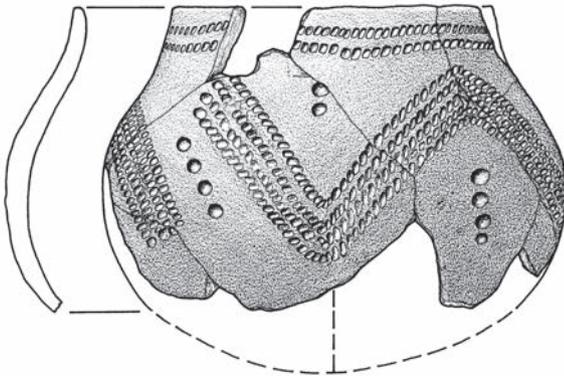

Durchgezogene Linien stehen für eine sichere Orientierung der Scherben. Auf den Tafeln 1–7 sowie 22–30 steht eine abgesetzte Linie für eine unsichere Orientierung, auf den Tafeln 8–21 steht die abgesetzte Linie für eine wahrscheinliche, die punktierte Linie für eine unsichere Orientierung.
