

POZNAŃ BRANCH  
POLISH ACADEMY OF SCIENCES

The participants offer their sincere thanks and congratulations to the Polish Academy of Sciences for the organisation by its Poznań Branch of the highly successful International Symposium on the Origin and Early Development of Food Production in North-Eastern Africa held at Dymaczewo, 9 - 13 September 1980. We welcome the initiative of Dr. Lech Krzyżaniak and Dr. Michał Kobusiewicz and their colleagues in organizing this symposium and express the hope that future meeting on this and allied themes will continue the scientific advances made at Dymaczewo and assist the dissemination of knowledge in these fields. The participants recommend that future meetings will continue to be sponsored by the International Union of Prehistoric and Protohistoric Sciences.
