

CONTENTS

Alejandro García-Moreno · Jarod M. Hutson · Geoff M. Smith · Lutz Kindler Elaine Turner · Aritza Villaluenga · Sabine Gaudzinski-Windheuser Human behavioural adaptations to interglacial lakeshore environments: an introduction	1
<i>Monika Brasser</i> Big questions for big bones – Evaluating the extent of human influence at the Lower Palaeolithic site of Bilzingsleben	5
<i>Daniel Groß</i> Islands in the Swamp. Lakescape-reconstructions of Mesolithic sites in the Rhinluch area (Germany)	31
<i>Jarod M. Hutson · Aritza Villaluenga · Alejandro García-Moreno · Elaine Turner Sabine Gaudzinski-Windheuser</i> A zooarchaeological and taphonomic perspective of hominin behaviour from the Schöningen 13II-4 “Spear Horizon”	43
<i>Lutz Kindler · Geoff M. Smith · Alejandro García-Moreno · Sabine Gaudzinski-Windheuser · Eduard Pop · Wil Roebroeks</i> The last interglacial (Eemian) lakeland of Neumark-Nord (Saxony-Anhalt, Germany). Sequencing Neanderthal occupations, assessing subsistence opportunities and prey selection based on estimations of ungulate carrying capacities, biomass production and energy values	67
<i>Britt M. Starkovich · Nicholas J. Conard</i> What were they up against? Lower Palaeolithic hominin meat acquisition and competition with Plio-Pleistocene carnivores	105
<i>Martin Street</i> Sub-aquatic disposal of butchering waste at the early Mesolithic site of Bedburg-Königshoven	131
<i>Elaine Turner</i> Life at the palaeopond: a diachronic reconstruction of the Lower Palaeolithic interglacial site of Miesenheim I (Central Rhineland, Germany)	151
<i>Markus Wild</i> “Antler Headresses” and the Preboreal site of Bedburg-Königshoven: The beginning of Mesolithic behaviour in the Northern European Lowlands	173
